

User Guide

Pico Fart

About the application

This application is a fart machine for your phone. Choose between 10 different farts and control it with a timer or with the phones motion sensor.

If you find any errors please report to: support@picobrothers.com

Using the application

Press the left and right arrows by the fart name to select your desired sound.

Choose either timer or motion mode in the bottom menu.

Timer

Set the desired count down time with the up and down arrow next to the time. Activate the countdown with the big red button. Setting time to 00:00 will activate the fart immediately when pushed the red button.

Motion:

Push the big red button to activate motion control. When the red button is blinking it is activate. Now tilt the phone in different directions to activate sounds.
